

HIGHER EDUCATION COURSE

STUDY DAYS ON VENETIAN GLASS Approximately 1600's

Istituto Veneto di Scienze, lettere ed Arti
27th and 28th of February, and 1st of March 2013

Reliquary from the Church of San Martino in Burano-Venice, now exhibited in the Glass Museum-Fondazione Musei Civici Venezia, Inv.: Class VI, nr. 1124.

With the support of
Corning Museum of Glass
Ecole du Louvre
Fondazione Musei Civici Venezia
Institut national du patrimoine
Victoria & Albert Museum

With the participation
of the UNESCO Regional Bureau for Science and Culture in Europe
Venice (Italy)

Organised with the collaboration of:

AIHV - *Association Internationale pour l'Historie du Verre* – National Italian Committee

LAMA – Laboratorio Analisi Materiali Antichi dell'Università IUAV
Museo del Vetro, Fondazione Musei Civici Venezia

Initiative organised under the patronage of the Veneto Region

The “Study Days on Venetian Glass” are an opportunity for in-depth study on Venetian glass and are tuned to an audience of Museum conservators, collectors and experts.

The programme includes lessons by experts who, after a general overview, will guide participants through the direct study of methods and pieces, encouraging participants to actively take part, also through presentations. Lessons and discussions will be held in English; contributions in Italian will be translated into English by the seminar curators.

The topics that will be touched upon will include:

General overview of the history and art history of glass; Raw materials and casting/processing techniques; Archaeometrics; Conservation and Restoration.

The seminars will be completed by a tour of the Murano Glass Museum and by practical demonstrations in glassmaking studios.

Scientific Committee

ROSA BAROVIER MENTASTI, Glass historian

LORENZO LAZZARINI, LAMA- IUAV University of Venice

SANDRO PEZZOLI, Collector

LINO TAGLIAPIETRA, Artist and glass master

MARCO VERITÀ, LAMA- IUAV University of Venice

TEACHING STAFF

ROSA BAROVIER MENTASTI

Descending from one of Venice's ancient glass making families, Rosa Barovier Mentasti was awarded a degree in Ancient Literature by the University of Padua in 1973 with a thesis on antique glass. Since then, she has been dedicated to studying the history of both ancient and modern Venetian glass. In addition to many articles and publications, including *Il Vetro Veneziano dal Medioevo ad oggi* published in 1982, she has curated several international exhibitions of ancient and contemporary glass, including *Vetri. Nel Mondo. Oggi*, hosted by the Istituto Veneto di Scienze, Lettere ed Arti in Venice in 2004.

WILLIAM GUDENRATH

As resident advisor for the Studio of the Corning Museum of Glass, he teaches introductory and advanced courses in Venetian techniques. A glassblower, scholar, lecturer and teacher of glassblowing, he is an authority on historical hot glassworking techniques from ancient Egypt through the Renaissance and has presented lectures and demonstrations throughout the world. He demonstrates techniques he believes to have been employed by glassmakers of the past and these are described in a number of books and video segments including: *Chronicle: the Portland Vase, Five Thousand Year of Glass, Journey through Glass: A Tour of the Corning Museum Collection* and *MasterClass Series II: Introduction to Venetian Techniques, Glass Masters at Work: William Gudenrath, Glassworking Processes and Properties*.

CORINNA MATTIELLO

Following a degree in architecture at the University of Venice, she was awarded a diploma by Istituto Centrale del Restauro in the area of ancient metal works and ornaments. She then attended a higher education course in stone works. She has been working as freelance consultant since 1975, initially mainly for the Superintendence and Museums of Latium in the area of archaeological restoration and then, after her move to Venice, as consultant for Foundations, Museums and Superintendents of the Veneto Region, mainly in the area of glass restoration (Museo Vetrario in Murano, Museum of Altino), sacred gold treasures (Tesoro di San Marco, Tesoro della Scuola Grande di San Rocco) and the restoration of large bronze works (the horses of the Basilica, Cappella Zen).

LINO TAGLIAPIETRA

Exceptional glass master and well known world-round as glass artist. He was born in Murano and was just a young man when he first entered a glass makers shop: he became a glass *maestro* in the 1950's and has worked for some of the most prestigious glass makers in the island. Since the late sixties his creativity resulted in models of great quality, both from the point of view of technique and beauty, that were a clear success on the market. He has been an independent glass artist since 1990 and is now committed to creating unique pieces that are exhibited in the most prestigious private collections and museums worldwide. In 2009, the Tacoma Art Museum dedicated a retrospective to his works with an exhibition that was then lent to other US museums. In 2011, the Istituto Veneto dedicated to him the exhibition *Lino Tagliapietra, da Murano allo Studio Glass*.

CRISTINA TONINI

With a degree in History of Art awarded by the State University of Milan under the guidance of Prof. De Vecchi, from 1989 to 2004 she acted as Conservator for the classification and the new layout of the Bagatti Valsecchi Museum in Milano. Together with Rosa Barovier she published the catalogue of the museum's Venetian glass. She also curated the catalogues of the Medieval and Modern glass collections of the Civic Museums of Pavia, of the Pinacoteca Ambrosiana in Milano and the Pogliaghi Museum in Varese, the latter is about to be published. Other articles on Venetian and Medicean glass have been published by Decart and the Journal Glass Studies of Corning Museum of Glass. She is part of the Board of Directors of the Italian section of the Association Internationale Histoire du Verre. She is professor of art in the Orsoline Artistic Liceo in Milano.

MARCO VERITÀ

Holding a degree in Chemistry, he worked for over thirty years in the Stazione Sperimentale del Vetro in Venice-Murano, performing research and assessments on glass materials, both modern and ancient, the latter for archeometric purposes and also to assess issues relating to conservation and restoration. Member of numerous international organisations, since 2009 he has been working with the Laboratory for the Assessment of Ancient Materials (LAMA) of the IUAV University of Venice.

How to enrol:

Applications should be sent by e-mail (ivsla@istitutoveneto.it) at the latest by **15th of December 2012**.

Applications should include a CV highlighting the applicant's interest for the topic and any other previous studies in this specific field.

Applications will be reviewed by the Scientific Committee that will select participants based on their qualifications and their stated motivations. The selection made will attempt to ensure the participation of candidates from different cultural backgrounds and countries of origin. Participants must be committed to take part in all courses, seminars and visits scheduled. At the end of the course, participants will receive a certificate of participation.

The number of places available is limited to 30.

The enrolment fee is 300 €.

All expenses relating to travel to and from Venice, and food and lodgings on arrival, will be borne by participants. The organisers will bear the costs of the trip to Murano and the tour of the Glass Museum, in addition to the demonstrations in Maestro Tagliapietra's *atelier*.

Two places will be allocated free of charge to young PhD/Research students or graduates who have applied for the course and whose CV is pertinent with the topics studied during the Study Days.

One place will be allocated free of charge to a participant from the South-East of Europe, to be selected together with the UNESCO Bureau in Venice.

Programme of the 2012 Study Days
